For and About Employees of
the K mart Home Office

United Fund contributions increase at KIH

In 1982, the construction department, under the direction of Harold Scarlett, vice president construction, received the greatest percentage increase for United Fund contributions at KIH.

Mr. Scarlett, who served as a United Fund Team captain, thanked his area for their generous donations with coffee and doughnuts one morning.

The increase for the construction department this year amounted to 29.6%. The increase for the building as a whole was 13%.

Congratulations to all those at KIH who gave and helped to make last year's drive a successful one.
